Portfolio

victordavalos.com

Senior designer with experience in marketing, nonprofit organizations, and agencies, with a focus on event and brand design.

I take every idea and figure out how it can work across an entire event or campaign, making sure everything is cohesive and impactful. My work builds around the idea, keeping everything intentional from start to finish.

Work Experience

Art Director – TPC Studios

February 2023 – Present

Managed visual execution for multi-part gala fundraising campaigns for local nonprofit organizations, maintaining a unified visual identity across invitations, stationery systems, mailers, large-format environmental graphics, and promotional materials.

- **Creative Direction:** Translate senior leadership's vision into visual direction for fundraising campaigns, presentations, and marketing materials.
- **Design Systems:** Develop event design systems from creative concepts, creating a cohesive visual system across individual projects and full-scale marketing and fundraising campaigns.
- **Project Management:** Manage projects from creative handoff through final production, overseeing revisions, deadlines, print specifications, and competing priorities.
- **Production:** Prepare press-ready artwork and coordinate print production with vendors for offset, digital, and large-format applications.

Graphic Designer – SGA Design Group

September 2021 – February 2023

Directed design and production for marketing collateral, proposals, presentations, and environmental graphics for SGA Design Group and its subsidiary brands, GreenLight 360 and Renaissance Architecture.

- **Brand Systems:** Applied existing brand standards to print and digital products while maintaining consistency across client-facing materials.
- **Motion and Social:** Designed animated assets for social media, email campaigns, and digital mailers, including logo animations and hiring/recruitment GIFs, for SGA Design Group and its subsidiary brands.
- **Digital Design:** Managed WordPress content and website updates, maintained the company intranet, and designed and coded HTML/CSS newsletters in Mailchimp.
- **Business Development:** Collaborated with marketing and business development teams on presentations and proposal materials.
